The cover photo is the first in a growing collection of photos of Huns near prominent landmarks. Not always to be on the cover, but coming up are Huns at Mount Whitney, Loch Ness and other notable venues. Add to our collection by sending such treasures to us by email or to the Georgetown, TX address below. Let’s get enough for a “Landmark” Calendar for next year!

The Dues Situation and The Intake

As most SSS members are now aware, charter, regular and associate member’s dues are currently \$25 per year. Alas, almost half of our members were delinquent as we neared printing time for this issue of The Intake! There will be much more on this subject elsewhere, but the bottom line is: This will be the last issue of The Intake sent to those members still delinquent come the next issue in the spring !!!

The society is open to all F-100 Fighter Pilots, F-100 Wild Weasel Bears and F-100 Squadron Flight Surgeons. Associate memberships will be offered at the discretion of the Membership Committee. There is no political agenda, although we support and respect the office of the President of the United States. There is no religious agenda, although men who trust their lives to a slatted wing and a single J-57 also trust in a higher authority. There is no social agenda, except to meet each other in mutual respect and admiration. We are the men who flew the mighty Hun!
