The front cover's DC ANG Huns in echelon left formation dancing The Blue was provided by Robert "Ramrod" Railey. It is one of a pair of interesting photographs he sent in. Check out the strikingly similar shot of a four-ship of DC ANG F-86s taken a year before they converted to the Hun on page 16.

The Intake is published thrice a year by the Super Sabre Society Inc., d.b.a. **Super Sabre Society, P.O. Box 3100, Georgetown, TX 78627**. The society is open to all F-100 Fighter Pilots, F-100 Wild Weasel Bears and F-100 Squadron Flight Surgeons. Associate memberships will be offered at the discretion of the Membership Committee. There is no political agenda, although we support and respect the office of the President of the United States. There is no religious agenda, although men who trusted their lives to a slatted wing and a single J57 engine also trust in a higher authority. There is no social agenda, except to meet each other in mutual respect and admiration. We are the men who flew the mighty Hun!
